## Understanding Hawaiian Airlines Rules Baggage Policies

The hawaiian airlines rules baggage policy is designed to provide flexibility while ensuring passenger safety and efficient boarding. Travelers are generally allowed to bring both carry-on and checked baggage, but size, weight, and quantity restrictions apply depending on the route and fare type.

Reviewing baggage requirements before packing can save time at check-in and help avoid unexpected charges.

## **Carry-On Baggage Allowance**

Under the hawaiian airlines rules baggage policy, passengers may bring one standard carry-on bag and one personal item onboard.

### **Carry-On Bag Requirements**

A carry-on bag should fit in the overhead compartment and meet the airline's size limitations. Common examples include:

- Small rolling suitcases
- Duffel bags
- Travel backpacks
- Garment bags

The carry-on bag should be manageable enough for the passenger to lift into the overhead bin without assistance.

### **Personal Item Allowance**

In addition to a carry-on bag, passengers may bring one personal item that fits under the seat in front of them. Examples include:

- Handbags
- Laptop bags
- Small backpacks
- Briefcases
- Camera bags

Keeping important items such as travel documents, medications, and electronics in your personal item is recommended.

## **Checked Baggage Policies**

Travelers should weigh luggage before arriving at the airport to avoid additional costs.

The airline also enforces maximum size limits for checked baggage. Oversized luggage may be subject to extra fees and special handling procedures.

Items such as sports equipment, musical instruments, and specialty baggage may require additional review before travel.

Like most airlines, Hawaiian Airlines restricts certain items from being transported in carry-on or checked luggage.

Examples of restricted items include:

- Explosives and fireworks
- Flammable liquids
- Hazardous chemicals
- Certain sharp objects
