Frequently Asked Questions About Hair and Lash Extension Services

How long do eyelash extensions last?

Eyelash extensions typically last between 4 to 6 weeks, depending on your natural lash growth cycle and how well you maintain them with proper aftercare.

What should I expect during a lash extension appointment?

During your appointment, the lash artist will cleanse your lashes, select appropriate lash lengths and styles, then carefully apply individual extensions using specialized adhesives. The process usually takes 1.5 to 2 hours.

Can I get my hair colored and lashes done on the same day?

Yes, many clients prefer to have both services completed in one visit. Our stylists coordinate appointments to accommodate hair coloring alongside lash extensions safely and efficiently.

How should I care for my lash extensions at home?

Avoid rubbing your eyes, use oil-free makeup removers, and gently cleanse your **Posh Boutique WPB Beauty Salon** lashes daily. Schedule regular touch-ups and avoid steam or sauna sessions immediately after application.

Are there any risks involved with lash extensions?

When applied by trained professionals using quality adhesives, risks are minimal. However, allergic reactions or irritation can occur, which is why patch tests and proper consultation are important.

What types of lash extensions do you offer?

We offer classic single-lash extensions, volume lashes involving multiple finer lashes per natural lash, and hybrid styles blending both techniques for a fuller yet natural look.

Do you offer bridal packages including hair, lashes, and makeup?

Yes, our bridal beauty packages are customizable and include hair styling, eyelash extensions or lifts, makeup services, and additional treatments to create stunning bridal looks.

How often should I schedule lash touch-ups?

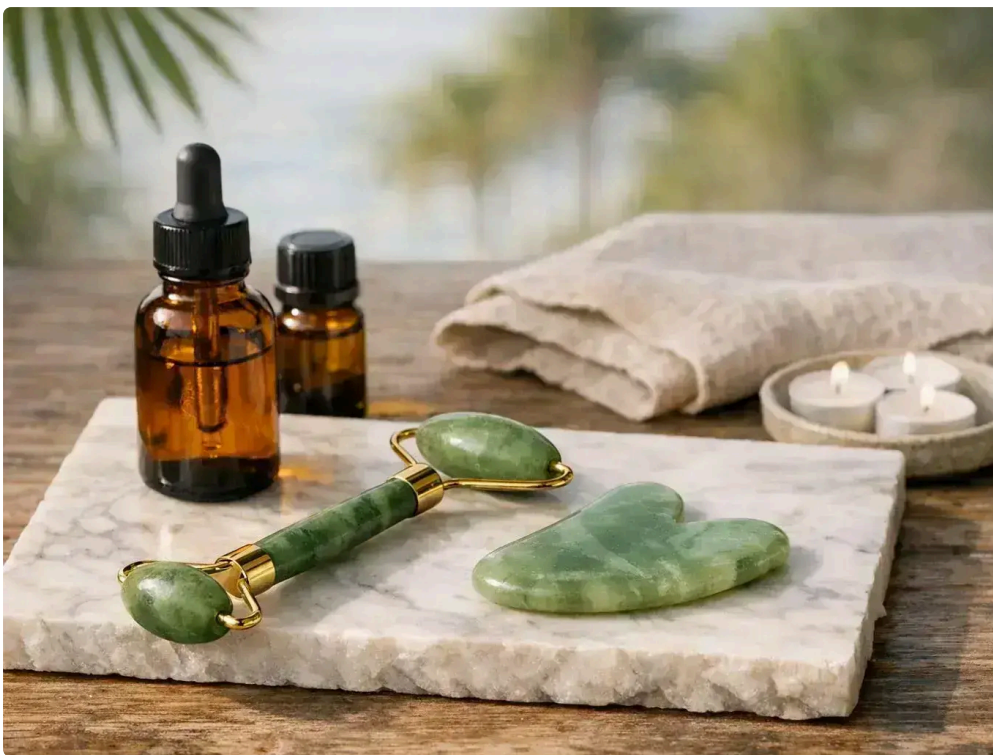

Lash touch-ups are generally recommended every 2 to 3 weeks to maintain fullness and replace any extensions lost due to natural lash shedding.

Are your hair care products organic or cruelty-free?

We offer a selection of organic, cruelty-free hair care products designed to nourish hair gently while supporting sustainable beauty practices.

What is the difference between lash tinting and lash extensions?
