

For guests who want a strong snorkeling experience without the longer crossing to Lanai, the West Maui Snorkeling Half Day tour offers an excellent option from Kaanapali Beach. This tour explores the reefs and coastline of West Maui, spending more time [*Kaanapali snorkeling*](#) in the water and less time traveling to the snorkel site. The West Maui snorkel tour is ideal for guests with flexible itineraries or those who prefer a more time-efficient option that still delivers genuine snorkeling quality. West Maui's reefs are home to the same marine life found throughout Hawaiian waters, including Hawaiian green sea turtles, colorful reef fish, and occasional rays. The proximity of the snorkel sites means more time in the water per hour of tour time compared to the Lanai trip. For guests who find that underwater snorkeling time is the primary interest, the West Maui option delivers efficiently.

Kaanapali Snorkel Tours

Captain Dan and the crew adjust the snorkel location based on current conditions and visibility to ensure guests are at the best available site for that day. This flexibility produces a consistently good experience regardless of which specific site the tour visits on any given morning. Departure is from Kaanapali Beach near Whaler's Village with the same beach boarding process used for the Lanai trip. The 14-foot inflatable raft transfers guests to the vessel moored offshore. The tour includes snorkel gear, flotation, snacks, and beverages. Sea Scooter rentals are available for guests who want to cover more ground on the reef. The Yamaha 350LI Sea Scooters offered by Kaanapali Ocean Adventures are the only such rentals available on any Maui boat tour. For the West Maui snorkel tour, call +1 808-633-3138 or book online through the Kaanapali Ocean Adventures website.
