In this guide, you'll learn about the Copa personal item size, carry-on restrictions, baggage policies, and important information for families traveling with infants.

What Is the Copa Personal Item Size?

The Copa personal item size must fit underneath the seat in front of you. Acceptable personal items include:

- Small backpack
- Laptop bag
- Purse
- Briefcase

While Copa Airlines does not always publish exact dimensions for personal items, it should be compact enough to fit under the seat without blocking the aisle or emergency exits.

Tip: Pack only daily essentials like travel documents, electronics, medications, and valuables in your personal item.

Carry-On Size Copa Airlines

In addition to your personal item, most Economy and Business Class passengers can bring one carry-on bag.

The standard [carry on size Copa Airlines](#) allows is approximately:

Your carry-on must fit in the overhead bin and comply with airline safety requirements.

The baggage allowance on Copa Airlines varies depending on your fare type, destination, and frequent flyer status.

Generally:

- Basic fares may not include checked baggage.
- Classic, Full, and Business fares often include one or more checked bags.
- Checked baggage typically weighs up to 23 kg (50 lbs) per bag for Economy travelers.

Always review your ticket details before departure to confirm your baggage allowance.

Copa Infant Policy

The Copa infant policy allows infants under two years old to travel on an adult's lap on eligible fares. Parents may also bring essential baby items such as a diaper bag and, in many cases, a stroller or child restraint device, subject to airline guidelines. Requirements may vary depending on the route, so checking your booking before travel is recommended.
